Chaperone Policy

The practice is committed to providing a safe, comfortable environment where patients and staff can be confident that best practice is being followed at all times and the dignity and safety of everyone is of paramount importance.

All patients are entitled to have a chaperone present for any consultation, examination or procedure where they feel one is required.

If you feel you would like a formal chaperone to be present, i.e. a trained member of staff please ask and we will endeavour to provide one at the time of request.

Your healthcare professional may also require a chaperone to be present for certain consultations in accordance with our chaperone policy.

If you would like to see a copy of our chaperone policy or have any questions or comments regarding this please contact the Practice Manager, Mrs Jenny Webster
